

Solar

U

**SOLAR-U.com**

**Do you want to learn more about Solar Energy but aren't sure where to turn for information? There's so much information on the internet but that can be overwhelming.**

**So come to Solar U! Check the website for the latest seminars and to sign up.**

At Solar U we'll give you the straight facts about Solar Power.

- You'll learn the energy issues facing our nation today and how Solar Power plays an integral role in the solution
- We'll show you how a Solar Panel actually converts the abundant light from the sun into usable electric power
- We'll also show you exactly how well Solar Power works in the Great Pacific Northwest
- And we'll show you how to navigate the Federal, State and local incentives and tax credits
